NARRATIVE:

On 01-04-19, at approximately 1630 hrs, I was contacted by Sgt. Parker who requested I respond to the Bisbee Jail as an inmate had reported she was forced to perform oral sex on the CCSO Chaplain (Douglas Packer). I was told Lt. Heisner from the Bisbee Jail was the point of contact. I was also told there has not been a report generated yet as Packer has access to our Spillman system. As I was getting ready, Sgt. Parker called me back and advised Detective Davidson was on his way to assist with this investigation.

Upon arrival at the Jail, Detective Davidson was already there. I went inside and spoke to Jail Commander Bradshaw. Commander Bradshaw briefed Detective Davidson and I on what he knew. We were told there were two (2) female inmates, D K and E. D making a report that Packer forced K to perform oral sex on him while D was made to watch. Lt. Heisner was made aware of this report and spoke to both of the inmates. Based on her

conversation with them it was decided to have a Detective respond. We were told Packer ejaculated and some semen got on K's shirt and the floor.

We were also told the inmates were being housed in the booking area to be separated from the Pod. They are being housed in the same room. I asked for them to be separated.

At approximately 1749 hrs, I contacted CSI Kessler and asked her to respond to the Bisbee Jail with some Luminol. She told me she would head to the Jail as soon as she could.

We talked about a location to interview the inmates where they would not be seen by other inmates. It was decided to interview them in the Transportation Office.

Detective Davidson and I set up the Office so we could conduct an interview. Detective Davidson set up my computer so we could video record the interviews as well.

At approximately 1800 hrs, we asked to speak to D. Lt. Heisner brought D into the Transportation Office. Detective Davidson turned on my camera. I turned on my Puma recorder. It should be noted Lt. Heisner stayed in the room so the female inmate would feel more comfortable, having another female in the room. This is a summary of the interview:

D said she knew we wanted to talk to her, about what happened. She explained K had told her, the Chaplain was trying to touch her (K). She thought K was joking and she didn't believe K. She said a lot of people have said the Chaplain brings them pizza and stuff, for doing things. She was asked if this was sexual favors and she said, "Yeah".

She stated, K started to tell her that the Chaplain was trying to kiss her and stuff. She said the last time she was with the Chaplain she told him she knew everything. Today she states the Chaplain pulled K out. K had been gone for a little while and Officer Nash approached her and told her the Chaplain wanted to see her. She didn't know if K was back. When she entered the Chaplain's office he started to tell them that nobody was going to believe them. K had told him she (D) already knew everything. She stated that the Chaplain wanted them to 'make out' in front of him. She said she was in the corner and the Chaplain forced himself on K.

D stated that K is her cellmate. She said K told her about the Chaplain about two (2) weeks ago. K said the Chaplain tried to kiss her. She didn't believe K because she is young and this isn't the first time she (D) has been here. She didn't believe it from the Chaplain.

D went on to say she has been in the Jail three (3) times. She said 2015 was the first, 2016 the second and this time in 2018. She said the first two (2) times she was here she never talked to the Chaplain. She explained in 2015 she was in jail for almost two (2) months. In 2016 she was here for three (3) weeks to a month. Now she has been in here since June of 2018.

She said in 2015 and 2016 she heard that the Chaplain only 'took out' the young ones. He would bring them pictures of themselves on Facebook. She thought people were making this up.

She said K told her the Chaplain tried to kiss her about two (2) weeks ago. Sometime between when she was told and today, the Chaplain pulled her out

to call her attorney. She said it was around lunchtime when he pulled her out to call her attorney, but her attorney wasn't available. She waited in his office for about 20 or 30 minutes.

While waiting, he (Packer) was talking "shit" about K: boyfriend. She then told the Chaplain that 'she knows everything- when K comes in here'. She started laughing because she didn't believe it was true, until today. He inquired about what she was told? He asked if it was that he gave K pudding? He opened the cabinet and asked her if she wanted a pudding but she refused. He gave her some goldfish snacks and told her, that is what K does- K comes to his office to eat. She said she let it go.

She said today the Chaplain pulled K out around 1300 hrs, and she was gone for over an hour. She indicated 'count' (Inmate count) is at 1400 hrs, and she didn't get called out till after 'count'. When she got pulled out she went into the Chaplain's office. He (Packer) started laughing and said 'K told me you know everything'. She looked at K who was red. She asked K why she was red. K didn't say anything and looked 'stuck'. He (Packer) wanted them to kiss. He told her not to be shy and to have a seat in the corner. He then forced himself upon K in the other corner.

D indicated she saw K: give him a "blow job". She indicated K back was towards her. The Chaplain was standing up and she saw his penis. She described he had fat above his penis area. K was on her knees and crying. She said when she saw his penis it was erect. He was the one who took his pants off. She said his pants were pulled down to his knees. He had underwear which were something blue and they were boxers. She estimated his penis was four (4) to five (5) inches long.

D was asked if he ejaculated? She said he made her clean the floor. She added she had the kleenex. She said she might have some on her pants. She said he told her to get a kleenex and clean the floor while he was cleaning himself. She said the kleenex were in his trash can.

D indicated that when the Chaplain ejaculated, K moved and this is how it got on the floor. She said it also got on K hand. She started cleaning and then cleaned K right hand. The Chaplain told them nobody was going to believe them as he has been here for 10 years. A lot of people have said stuff and nobody believes it. He said a lot of people have said T has been on her knees but nobody has believed it.

D said after the Chaplain ejaculated, he went to his desk and cleaned his penis with a kleenex. He said, 'good thing he opened a new box of kleenex today'. She saw him put the kleenex in the trash. His trash can is under his desk. This is when he told her to get some kleenex and clean the floor. K was still on her knees so she helped K clean herself. She said the kleenex she used to clean the floor was put in the trash can and the one she used to clean K arm, she kept.

She said after cleaning, she as given a two (2) books and a rosary to take to the Pod. He told her S keeps trying to go into his office to get a book, but he doesn't want to pull her out.

She was asked if Packer told them not to tell anyone? She said he was laughing and said nobody was going to believe them. She clarified, he said he has been here for 10 years and there has been a lot of gossip and nobody was going to believe them.

She was asked if K said anything while this was happening to her? She stated, 'K was just crying'.

She said when Packer took them back to the Pod, they went to their room and waited for Officer Nash. While in their room they told L E about this incident. E is the one who told them Packer writes dirty letters to S P in Prison and puts money on her books (commissary). Officer Nash came in and they asked for a Female Officer. They were then pulled out of the Pod.

D was asked more questions about this incident. She said she saw Packer was trying to kiss K on her mouth when he had her in the corner. K was pulling away from him.

She was asked to explain how Packer forced himself on K She said he grabbed her head and she was trying to pull back.

She was asked about Packer's underwear. She said there was something blue and she was not sure if it was the lettering but it was blue. She said the underwear was boxer briefs. She described his pubic hair area as being 'kind of shaved'.

We ended the interview with D

Detective Davidson gave D gloves and asked her to remove the tissue from her shirt pocket. This tissue was placed into an envelope as evidence. D was given a change of clothes and Lt. Heisner took her to the bathroom to change. D clothing was collected as evidence.

At approximately 1834 hrs, we asked to speak to K K was brought into the Transportation Office. Detective Davidson turned on my camera. I turned on my Puma recorder. It should be noted Lt. Heisner stayed in the room so the female inmate would feel more comfortable with another female in the room. This is a summary of the interview:

K said she knows why we wanted to speak to her. She said she was sexually assaulted/orally raped by the Chaplain here at Cochise County.

K stated two (2) days ago the Chaplain was threatening her. He was telling her that he liked her and weird stuff like that. He sat on her, he was grabbing her boobs and trying to kiss her. She told him to get off of her and he said 'nobody will find out'. He was trying to get her to kiss him back. He grabbed the back of her head. She told him this was wrong of him and she has heard stuff about him. She went on to say, he always pulls her out and always tells her that he likes her. She was always afraid because she has been raped before. When she returned to the Pod she told D

He pulled her 'out' again today and did the same thing. She told him that D knows about everything that is going on. He got upset, so he got on the phone and asked for D to be brought to his Office. He told her, if she said anything nobody would ever believe them. There is no way after 10 years of his being here that they would believe them over him.

When D came in, he (Packer) made her watch them. It should be noted K was becoming emotional. He got on top of her and was kissing her. She doesn't know what happened, all she remembers is him standing in the corner and forcing her to suck his "dick". She blacked out from there. All she remembers

is Dr. cleaning his sperm off of her.

K was asked about Packer pulling her 'out' two (2) days ago. She said they were in his office and she was sitting in a yellow chair. He got on top of her. She described this as him straddling her by putting his legs over her legs. He was holding her down. She described this as him holding her arms. He kissed her on her lips. She described he was trying to make out with her, and he tried to put his tongue in her mouth. She turned and he started kissing her neck. He put his hand up her shirt and was grabbing her breast. She described him touching her nipple. He tried putting his hand down her pants, but she pulled it out. He was stronger than her and he kept going. He played with her vagina. She described him rubbing her vagina. She said this lasted less than a minute because one of the hall doors 'popped' and he got off of her.

She told him, he wasn't going to get away with this. He replied, "We'll see about that". She indicated she was scared because he told her, he had done this before.

She told us, there is a girl in prison (P. he writes sexual letters to and he sends her money. He had told her, when females get out of Prison or Jail, they will call him and thank him for helping them. They will then want to repay him with sex. She indicated he told her this two (2) days ago. He then repeated it today after he got off of her, just in less detail.

She told us, she hasn't put in a request to see him in over a month. He pulls her out of the Pod, without her asking.

K was asked what she has heard about the Chaplain from other inmates? She said, it's just the girls joking around. She went on to say she heard they would go into his office and suck his "dick" and stuff like that. She thought it was just a joke as she thought he was here to help them. She would tell him about her past and how she was raped and molested as a child. At first, she thought he cared, then he started getting weird with her. Every time he would pull her out of the Pod things got worse. She described it went from him touching her leg to him kissing her.

She told us, about three (3) weeks ago he kissed her, and it was right before he took her back to the Pod. She described that they were standing by the door and he gave her a hug. He said, "It so good to hug you. I've always wanted to give you a hug because I felt so bad for you". He then took her back to the Pod.

The next day he pulled her out and gave her a hug. When he gave her a hug, he grabbed her head and kissed her for the first time. She pulled away from him and told him not to do that again. He told her, he wouldn't, and he promised. This is when he told her if she told anyone, nobody would believe her. She described this kiss as a peck on the lips. She went on to say, as time went on, he escalated his behavior. He would scoot his chair really close to her and put his hand on her leg. He would leave his hand on her leg. He would ask her how her day was going? She would move his hand off her leg and tell him, her day was fine- if he wouldn't touch her. He would respond by saying, "Why, no one will find out". He would tell her that he loved her. He threatened to tell her boyfriend that she didn't love him, and she didn't want to see him again.

We started to talk about the incident two (2) days ago. She said, after the door 'popped', he sat in his chair. They started talking about Facebook and he asked her what her name was on Facebook. He looked her up on his computer. She

told him which two (2) profiles were hers. She said she didn't tell anyone because she was scared and traumatized by what happened. She kept it to herself for a while, then she told D [REDACTED] about it. D [REDACTED] didn't believe her.

We started to talk about what happened today. She said he pulls her out almost every day around 1330 hrs. She thinks this was about the time he pulled her out today. They were in his office and he was looking at her pictures on Facebook. He got really mad and wanted to know why she told D [REDACTED] everything. She told him, this was wrong. He told her, she shouldn't have told D [REDACTED] You shouldn't open your mouth because nobody will believe you guys. She said he forced himself on her again. She explained this was the same thing he did to her two (2) days ago. She pushed him off this time. He started kissing her again. He got off of her because another door 'popped'. She said the door that popped was the one furthest from the door to his office. She said an inmate walked down the hall and was at the door next to his office door. She started talking to this inmate and was asking about her boyfriend. She said Packer got mad and wanted to know why she still asked about her boyfriend.

She said he then called for D [REDACTED] to be brought to his office. When D [REDACTED] arrived, he wanted to know what K [REDACTED] had told her. D [REDACTED] told him 'everything'. He wanted them to 'make out' in front of him, but they refused. This is when he got up and told her to suck his "dick". She told him, "No". He grabbed her head and forced her to. She indicated he had his pants down already. He was standing in the corner away from the door.

She was asked what her body position was when he made her perform oral sex? She said she was sitting down at first. She said she doesn't remember the rest as she blacked out. She remembers D [REDACTED] wiping semen off of her and they were both crying.

She said she did see his penis and it was soft. She said there wasn't really any pubic hair. She described his underwear as being blue. She didn't know what type they were. She said they were not like boxers as they were tight.

She said his "dick" got hard, from her. He told her to suck his "dick" she said, "No". He put it in her mouth. She was on her knees as he forced her down.

She was asked where the semen went when he ejaculated. She said all over her. She listed her hand, bracelet, arm, shirt and all over her mouth. She added it also got on the floor.

She said after D [REDACTED] wiped her off, Packer gave them rosaries.

She said he told them he had to clock out before he took them back to the Pod. She indicated it was around 1500 hrs. She explained that when he let them out of his office, Officer Nash was exiting their Pod. They entered the Pod and went straight to their room. L [REDACTED] E [REDACTED] came into the room and asked her what was wrong. She told her, "nothing". K [REDACTED] said she started to cry and E [REDACTED] pushed the issue. After a while, they told E [REDACTED] . E [REDACTED] told them they had to report this incident. K [REDACTED] told E [REDACTED] she wasn't going to tell anyone. They argued about it and E [REDACTED] wanted to know why she (K [REDACTED]) wouldn't say anything. K [REDACTED] said, because she is used to it. She said she thinks E [REDACTED] told Officer Nash they needed to talk to him. Officer Nash came to their room and they told him they needed to speak to a female guard.

They were taken out of the Pod and spoke to a female guard. The Lieutenant then

came in and spoke to them. They didn't want to be separated so they were relocated to the booking area.

We ended the interview with K

Detective Davidson advised he had a black light (alternate light source) in his vehicle. He wanted to use this light on K shirt and possibly pick out body fluids. He obtained his black light and we went back into the Transportation Office. CSI Kessler had arrived at the Jail while the interviews were being conducted and joined us. We turned the lights off and Detective Davidson turned on the black light. CSI Kessler and Detective Davidson said they were able to see something on Kingery's shirt. Digital images were taken. The light was then shone on her right arm and hand. They stated they could see something on her hand. Digital images were also taken of her hand. It should be noted I looked at the areas and was not able to see anything that well.

CSI Kessler took swabs of K mouth to see if any semen was present. K was provided with another set of clothing. Lt. Heisner took her to the bathroom to change. K clothing was collected as evidence.

K offered to show us where in Packer's office this incident took place. Detective Davidson, CSI Kessler, Lt. Heisner, K and I went to Packer's office. K pointed out where this took place. K was then taken back to her Pod.

CSI Kessler took digital images of the office. We collected the tissues that were located in the trash can. CSI Kessler mixed Luminol and then started spraying in the area K pointed out. It should be noted that the spray bottle stopped working and she was not able to finish spraying the floor. I was not able to see anything glowing or highlighted on the floor utilizing the black light/alternate light source.

We went back to the front office and briefed Commander Bradshaw. I began to draft a Search Warrant for Packer's house to obtain his clothing and also an Order for Physical Characteristics to obtain his DNA. Once I completed these, Detective Davidson contacted Judge Poppe from JP#1. We were provided with his home address and were asked to meet him there.

Detective Davidson and I drove to Judge Poppe's house. Judge Poppe reviewed and signed the Search Warrant and Order for Physical Characteristics.

Detective Davidson, CSI Kessler and I went to the Sierra Vista Detective's Office. I called for a patrol unit to assist us while we served the Search Warrant. Deputy Gilbert came to my office and we briefed him on this Search Warrant.

On 01-05-19, at approximately 0019 hrs, we arrived at Packer's house (). I knocked on the front door a couple of time and no one answered. At approximately 0024 hrs, I called Packer on the 'Chaplain' work phone. He answered, and I explained that I was at his front door and wanted him to meet me. He came to the front door. I explained that an allegation had been made against him by an inmate and I had a Search Warrant for his house. He let us into his home. I explained that the Search Warrant was for the clothing he wore at the Jail yesterday. He took me into his spare bedroom where his pants and undershirt were. He then walked into his bedroom and obtained his Polo shirt. I told him I needed the underwear he was wearing while working. He obtained a pair of blue Hanes boxer briefs and gave them to me. All of these items were

packaged as evidence. A list of items taken was given to Packer.

I then explained to Packer that we had an Order for Physical Characteristics. I served him with the Order. I explained we were going to go to the Sierra Vista Detective's Office to obtain a buccal swab and to talk about this incident.

Packer was secured in the back of Deputy Gilbert's patrol vehicle and he was transported to the Sierra Vista Detective's Office.

At approximately 0052 hrs, we arrived at the Sierra Vista Detective's Office. Packer was taken into the conference room.

Detective Davidson and I set things up for the interview in the conference room.

My computer was set up and the camera turned on. I turned on my Puma recorder.

I read Packer his Miranda Warnings from my Department issued Miranda card. Packer stated he wanted a lawyer. Detective Davidson obtained a buccal swab from Packer per the Order and this was placed into evidence.

The interview was ended.

Packer was placed under arrest and processed into the Sierra Vista Jail.

Once more information is obtained a supplemental report will be completed.

Cochise County Sheriff's Office

Supplemental Report

Nature: Sex Offense

Date: 01-05-19

Evidence: Body Camera Footage, 0614-1, CD

NARRATIVE:

On 01-05-19, I assisted Detectives Borquez and Davidson, of the Cochise County Sheriff's Office with a residential search warrant. I was on regular duty and out on proactive patrol, when I was directed to respond to the Sierra Vista substation to meet with detectives. Once on scene, I was briefed of what my assignment would be. I learned I would be contacting Douglas Packer. No other details were disclosed.

I later responded with _____ in Sierra Vista, along with CCSO Detectives Borquez and Davidson. Also present was CCSO Evidence Technician Kessler. At or around 0030 hrs, I arrived on scene and stood by on the south side of the home, while a knock on the front metal security door was done. There was no reply, so a phone call to Mr. Packer was done, which was answered by him. Moments later, Mr. Packer emerged from the front door. Detectives explained why we were present, and we entered the home. Mr. Packer was provided with a copy of the residential warrant, and warrant for physical characteristics.

During the home search, I remained in the dining room, until I was tasked with collecting all items belonging to the Cochise County Sheriff's Office. I walked east down a hallway and into a room best described as an office. There, I collected the following:

- CCSO handheld radio
- CCSO radio charging base
- CCSO badge "Chaplain"
- CCSO agency ID card
- CCSO building access card
- Several sets of office keys
- CCSO patrol unit keys
- Canyon Vista Medical Center access badge with CCSO name on it
- CCSO cell phone and case. NOTE: I put the phone into airplane mode and turned it off. All of the above collected items were put into the CCSO patrol unit for transport.

Following this, I went with Mr. Packer and Detective Davidson to the patrol unit. I stood by as Mr. Packer removed his personal belongings from the vehicle. I saw Mr. Packer remove his personal CCSO hat, a windbreaker with badge and name stitched into it, a hands free cell phone holder, and an umbrella.

Following this, I was asked to help carry paper evidence bags from the home, to CCSO Evidence Tech Kessler's' vehicle. Once this was done, I transported Mr. Packer from the scene, to the Sierra Vista detectives office, interview room. During transport, Mr. Packer did no speak. Once I had Mr. Packer in the interview room, I was cleared of any other duties. During this entire assignment, I had my body camera on and recording. Following my release from duty, I downloaded the footage to a disk, entered it into evidence, and gave it to Detective Borquez.

On 01-05-19, I was contacted by Detective Davidson and told the Jail was transporting D K to Banner UMC to have STD (Sexually Transmitted Diseases) testing done.

At approximately 1430 hrs, I was contacted by Detective Davidson and informed a female inmate at the Cochise County Jail wanted to make a statement about Douglas Packer (Chaplain). I got dressed and headed to the Jail in Bisbee, AZ.

Upon arrival, I was told A D was asking to make a statement in reference to the Chaplain. I was told I could speak to her in the law library. We went to the law library where I was able to set up my computer to video record the interview.

At approximately 1514 hrs, A was brought into the law library. I turned on my Puma recorder along with the camera on my computer. This is a summary of the interview:

A said she wanted to make a statement about the Chaplain. She went on to say she has been seeing him since 2016. She said she was arrested in April 2018 and there was a time where he let her call her grandpa who has her son. She would start crying on the phone when they would tell her about her son. Packer used this to hug her and touch her in places she didn't want to be touched. She continued by saying, he told her, that another inmate (P) told him, A and P have a bet on who can "make out with him first and who can get with him first". She was in his office last week and before he let her leave, he kissed her. She added she was in his office before K and D. He let her call her lawyer. He told her, he always does stuff for her and what does he get in return? What does he get out of doing things for her? When she tried to leave, he tried to kiss her and hold her.

I explained to A she covered a lot and I would like to go over things in detail.

She said in 2016 she was arrested in January and was in for six (6) months. She said she would see Packer regularly and nothing would happen. It wasn't until she got arrested in April of 2018 that things started happening. She left for rehab at the end of June and came back to the jail on November 6th.

She was asked what her interactions with Packer were like since she was arrested in 2018? She said the father of her child is in prison. Packer would look the father of her child up and provide her with the address. He would also do things for her. She explained she has a private lawyer and she would call him from Packer's office. She would also call her family. She added just by Packer's demeanor she could tell he wanted something more from her. She added- this was just by the way he touches you.

Packer told her some of the girls are talking about him and what he's doing. If she was asked anything about him, she needs to not say anything about him hugging and touching her. If she did say something, they wouldn't believe her anyway.

A was asked when was the first time he did something inappropriate to her? She said it was when she called her grandfather. She added there was a time before this when she was crying on the phone and Packer said he would hug her if he could. She said when she talked to her grandfather, he was telling her how her son was doing, she started crying because she's not there with him right now. This is when he hugged her and started touching her. She said this happened sometime between April and June of 2018.

She said this all occurred in his office. She said he hugged her, and his hand went up her leg. He was touching her on the inside of her thigh and went up to her vagina. He touched her vagina, but it was outside of her clothing. She told him she wanted to leave. He asked her why? She told him she was uncomfortable with this. She got up and started walking towards his door. He kept asking her why she wanted to leave? He then took her back to the pod.

She said he pulled her out another time. He told her some of the girls were saying stuff about him. If she was to ever be asked, she shouldn't tell anybody what happened. This was to include the hugging and touching. If she was to tell it would be her word against his and they wouldn't believe her anyway. She said this conversation took place in his office.

She was asked why he pulled her out this time? She said it was a number of things. He would send letters to the father of her child in prison. She would give him the letter and he would mail it outside of jail. If she needed a stamped envelope or a phone call, he would take care of it. She felt by his body language and the way he was, he wanted something more from her. She said when she was in his office yesterday, he told her, he does everything for her and what does he get in return?

She said she went into his office yesterday at 1030 hrs and left at around 1115 hrs. She said she called her attorney who told her he hasn't spoken to the prosecutor yet and to call him back on Monday. She said when it was ending, Packer gave her a hug and went to kiss her. She turned her head and told him she wanted to leave. He wanted to know why she wanted to leave, and she informed him she was not comfortable. She then went out into the hall. She said he did kiss her on the side of her face when she turned. She indicated she turned her head to the right and was kissed on the side of her face.

She started talking about how Packer would make comments to her about her being "hot" or "sexy". This was between April and June of 2018.

She then went into the comments about P. She said she spoke to P and P denies saying 'that' to Packer. She also said they never made a bet, and this never happened at all.

We started talking about when Packer touched her. She said she was in Packer's office talking to her grandfather. At this time her son was four (4) or five (5) months old. They were telling her how much her son weighed, what he was doing and that he was sick. She was sad she wasn't there. After she got off the phone, she was still crying. This is when he came over, hugged her and put his hand on her leg and kept moving up. She said his chair rolls, so he just rolled his chair next to hers. He was on her right side when he rolled up. He was in his chair and put his arm around her. He put his right hand on the inside of her right thigh just above her knee. He slowly moved his hand up to her vagina. After he touched her vagina, she looked at him and said she wanted to go back. He asked why, and she replied she was not comfortable.

She was asked why she didn't tell anybody? She said she didn't want to tell anybody, and she believed him when he told her it would be her word against his word.

She was asked during her times in jail if she has heard anything about Packer? She said she has. She went on to say J. B. use to say she would suck his "dick". She added she knows K T. was in prison and he was sending her money and writing her.

She was asked if J. told her this? She said they were locked up together in 2016. She didn't know if this was true because he didn't try anything with her (A. She added J. didn't tell her why she did this. She heard later that it was for pizza or something.

She was asked how this conversation started? She said it just came up as some people will put a request in to see the Chaplain and he won't see them at

all. He will pick his favorites to pull out. The older ladies he will just bring books and not pull out of the Pod. It came up where someone said, 'what do I have to do to get in the Chaplain's office'. This is probably when J said this.

She was asked about K. She said she doesn't know if anything happened between them. She just knows he writes her in prison and sends her money. She knows this because Packer told her this. He sent her \$30.

She went on to say she knows T. C. and when T got out last time, she was staying at Packer's mothers-in-law's house. She said T is in prison now.

She would have never said anything if the girls wouldn't have reported yesterday.

I ended the interview with A.

I asked to speak to L. E. next. At approximately 1538 hrs, L came into the law library. I turned on my Puma recorder along with the camera on my computer. This is a summary of the interview:

L said she knew I wanted to talk to her about what is happening. I explained I wanted to talk about her interactions with K and D after they came back from the Chaplain's office.

She explained she was with D watching T.V. when the guard came in and called D to the Chaplain's Office. She thought this was weird because K hadn't come back from the Chaplain's office. She added K and D are her friends and the only people she hangs out with.

D leaves and they are gone for a long time. When they came back, they didn't look happy. She asked K what was wrong. D started crying. She shut the door and wanted to know what was wrong. K started saying please don't tell her. She said K was crying. She tried to find out what was going on. K told her the Chaplain made her suck his "dick".

She said when the guard came back in, she told him that they needed to talk to someone.

She was asked if she was told anything else. She said D was made to clean it up. K had semen on her shirt and pant leg. She said she saw this on her shirt. She said you can clearly see where it got wiped off and was dry. She didn't see these marks before K went into the Chaplain's office.

She said she saw the marks on the shirt and pointed it out to them. She added there was some semen on K bracelet.

We started to talk about her interactions with the Chaplain. She said she didn't think she had any interactions with him. She has heard a lot of things about the Chaplain. She brought up S. P. She said they were both in prison together. When they were in jail P would see the Chaplain all the time. P would bring back a lot of 'stuff' from his office. P would make comments to the effect of, "He wants me". When they got to prison P told her, the Chaplain would write her and put money on her books. He would write dirty letters and she should still have them. P said he even got a private P.O. box so she could write him back and his wife wouldn't find out. I said she had this conversation with P in

September of 2018.

She brought up B L She said they were roommates. L told her the Chaplain made the comment, she had a nice butt. She said B would also get pulled out by him a lot. She hasn't heard of anything sexual between them.

She denied the Chaplain has done anything to her.

I ended the interview with I

At approximately 1813 hrs, I was contacted by Jail staff at Banner UMC. I was told Banner UMC performed a sexual assault examination. I spoke to someone from Banner UMC to contact the Tucson Police Department (TPD) to see if they could pick up the sexual assault kit and store it for us.

I contacted TPD who said they would send someone to pick up the kit and store it for us.

On 01-07-19, at approximately 0830 hrs, I returned the Search Warrant and Order of Physical Characteristics to JP#1.

At approximately 0935 hrs, Sgt. Parker contacted me about Probation Officer (P.O.) Deborah Syphurs having a female on probation who was receiving Facebook Messenger messages from Packer. I contacted P.O. Syphurs who told me the person in question was C E C reported she had messages on her phone. She said C was not in her office, but she would provide her phone number. P.O. Syphurs went on to say she has another person (K D on probation who has reported Packer would message her as well. D thought it was creepy. P.O. Syphurs also told me, Packer volunteered his mother in laws house as a residence for T C while she was on probation. P.O. Syphurs thought this was unusual, but Packer said he wanted to help her. T ended up absconding from probation and is now in prison. P.O. Syphurs said she would send me an e-mail with C and K phone numbers.

I went into my office and saw I had a voice message. This message was from M A At approximately 1006 hrs, I called A back. I turned on my Puma recorder. This is a summary of the phone conversation:

A said she called because of the Chaplain. She retired out of the Jail in March of 2015. She said she was on light duty for a time as she had a knee replacement, so she worked in Control. She indicated this has been going on with the Chaplain for four (4) years.

She said Packer would only take out young white females. She remembers two (2) of them who were M and A L He would spend hours in his office with them. She said this is all logged. She reported this to a Supervisor because it was obvious. Packer would go to L court appearances and come back angry at the prosecutor.

After she reported this to the Supervisor, days later, she was moved to the graveyard shift. She advised that she reported this to Cpl. Rice. She thinks he might have told the 'higher-ups'.

She said she remembers these two (2) inmates as they were the only ones, he would pull out 'daily' for hours. She thinks this was between October and November of 2014.

M and A said she thinks that is her. A said M would have been in jail for murder. I was able to confirm this was the same person. I discovered M and L were both in prison.

I ended the call with A.

At approximately 1030 hrs, I received an e-mail from P.O. Syphurs with phone number.

At approximately 1035 hrs, I contacted the investigators at Perryville Women's Prison. I spoke to Officer Herrera who told me, if I wanted to interview inmates, I would need to type up a request on our Department Letterhead and send it to him.

At approximately 1053 hrs, I contacted C via telephone. C said she was in Jail in January of 2018. Packer helped her because she had a DCS case going on. He would let her call her daughter.

She said when she was in jail it wasn't quite to the extreme as when she got out of jail. They became Facebook Friends and he would contact her on Facebook. At first, he was going to help her get a vehicle. His mother was selling her vehicle because she is 85 and not driving it. This is why she kept him in her Contact's for as long as she did.

He started making sexual remarks. He was telling her he could take care of her and they could run away together. She indicated some of his messages were a little more extreme/dirtier than others. Numerous times she told him she doesn't 'look at him like that and he was a support system for her'. He would back off for a little bit, then he would come back and tell her he wanted to have sex with her. She would pull down her Notifications and see what he said, but she wouldn't respond.

She said she deleted most of the messages because she constantly deletes stuff off her phone. She said she does this because her phone gets cluttered. She indicated she has a few messages from the last couple of days he messaged her, but she doesn't think any of them are sexual. She noticed that after the last message- he blocked her. She said all the messages were on Facebook Messenger.

I explained to C we could possibly do an extraction on her phone to see if we could recover any deleted messages. She stated she would bring her phone down to the Office.

The phone call was ended.

C brought her phone to the Sierra Vista Detective's Office and Detective McGeoghegan did a forensic extract of the phone. He were not able to recover any Facebook Messages.

I had C log into her Facebook account on my Office computer. She brought up the Facebook messages with Packer. I was able to capture these messages and save them. C told me, I should probably speak to M. N she also spent some time in Packer's office.

At approximately 1145 hrs, I received an e-mail from Lt. Heisner. This e-mail contained the movement logs for the Women's Pod from January 1st to January 4th.

I began to research the names provided to see how many were in Prison. I discovered K. T was not in custody but was on Parole. I contacted the

County Parole Officer to see if I could get an address for K. The Parole Officer didn't answer so I left a message.

At approximately 1217 hrs, I received a phone call from the Parole Officer who told me she contacted K. K should be calling me. I was also provided with K phone number and address.

At approximately 1223 hrs, I called K. K said she would come to my office after the 1400 hrs meeting with her DCS (AZ Dept of Child Safety) case manager.

At approximately 1415 hrs, K arrived at the Sierra Vista Detective's Office. We went into the conference room where I set up my computer. I turned on my Puma recorder and the camera on my computer. This is a summary of the interview:

K said she knows I wanted to talk to her about Chaplain Doug Packer.

K said she has been in the jail several times and Packer is a really nice guy. He has never been inappropriate but has said some inappropriate things.

She was asked what these things were? She said when she was in jail, she was pregnant. He told her she looked stressed. He asked if she knows how to get rid of stress? She inquired how? He told her to go in the shower and masturbate. She said she just laughed it off and asked to use the phone.

She said when she was in Prison, he would write her once a week and one time he put money on her books. When it was close to her getting released, he provided his number and wanted her to call when she got out.

She stated that he would send her letter's from the Jail. When she would write him back; she sent the letters to the Jail. She said she still had the letters and she will bring them to me.

She said that even when she wouldn't request to go to his office, he would call her to his office. She advised that she used the phone in his office.

She states that she heard rumors about the Chaplain. She said people would make up rumors about her since she would go to his office a lot, but they weren't true. She said he never even tried anything with her.

She stated she never heard of him doing anything inappropriate with anyone.

She said there was this girl (T) whom she was at a 'half-way house' with. T moved out of the half-way house to Packer's mother-in-law's house. She went on the say Packer would talk about T a lot, that he knew her outside of the Jail.

She denied that he hugged her or touched her inappropriately.

She mentioned J. B. as someone who would go to his office a lot.
She also mentioned A. D. as someone who would go to his office a lot.

I ended the interview with K.

CSI Kessler and I processed evidence and prepared items to be taken to the AZ DPS Lab.

At approximately 1615 hrs, I drafted another search warrant for Packer's house.

to obtain his personal cell phones and computers. I presented this search warrant to Superior Court Judge Elledge. Judge Elledge reviewed and signed the search warrant.

Sgt. Parker, Detective Davidson, CSI Kessler and I went to _____ and served the search warrant. We knocked on the door and Packer answered. We served him with the search warrant and started collecting items. A cell phone, iPad Mini, two (2) computers and some thumb drives (external drives) were taken. We provided Packer with a copy of the search warrant and seized items inventory list.

was advised there was a report of the Chaplain sexually assaulting a female inmate and that we needed to check the Chaplain's office carpet for semen.

Prior to going to the Chaplain's office, we met with an inmate, K. , to use a black light to find any semen on her person. I photographed the areas that appeared to light up with the black light; however, due to the darkness in the room the camera was not picking up what I could see. There appeared to be a spot on the front of her shirt in between her breasts area. There were speckles on her right hand and on her right forearm. More photographs were taken with no black light and you could see what appeared to be semen on her right thumb nail. We took the inmate's bracelet (1525-4) and when she disconnected the bracelet to take it off you could see flaky, dried, off white colored substance on the bracelet that was photographed, which is believed to be semen. The bracelet was taken as evidence.

After photographs were taken I took swabs of the inmate's right hand, left hand, lower left and lower right inside the inmate's mouth (1525-5, 6, & 7). Lt. Heisner took the inmate to change out of the clothes she was wearing and collected them as evidence (1525-8, 9, and 10). I was also given items 1525-1, 2, and 3 which were collected before my arrival by Det. Davidson.

The inmate was taken to the Chaplain's office to show us where the sex offense took place. She advised she was in the corner between two book cases when the incident occurred. She was transported back to her cell after giving the location of the offense. I took entry photographs of the Chaplain's office and the trash can with several Kleenex's on top; in which the victim stated the Kleenex was used by the Chaplain to clean up.

Luminol was sprayed in the area believing to be where the semen would be with negative results. It should be noted that the following day Det. Davidson found the possible semen stain and took swabs of the area. I then took photographs of the tissue in the trash can and collected all the tissues on top (1525-11 & 12). Once the tissue was removed there was an old tissue box folded up in the trash along with chocolate pudding cups and Pepsi cans, which were given to the inmates by the Chaplain according to the victim. I photographed the box and then photographed the new Kleenex box (1525-13) on the desk. We collected the new box of Kleenex as evidence.

The office was searched for anything important with a few cabinets being locked and unable to open. The area in which the offense took place was measured and photographed.

I stood by at the jail while a search warrant was being written for the suspect's residence, Sierra Vista. Once the warrant was signed Det. Borquez, Det. Davidson, and I cleared the jail at approximately 2336 hours and went back to the Sierra Vista Detectives Office to drop off evidence from the Bisbee Jail and brief before going to ~~0000000000~~ for the residential search warrant.

I arrived on scene at at approximately 0019 hours. I took photographs of the front of the residence. I was then given clothing from Det. Borquez that was going to be seized. Items (1525-SW1 through 1525-SW4) were clothing items taken from the Chaplain's residence as items worn that day. I inventoried all evidence, packaged all items, and placed them into my County vehicle for transport.

On 1/7/2019 Det. Davidson brought me evidence from the Chaplain's office. I entered the evidence into Spillman and placed them in the Sierra Vista

Detective's Evidence room. I photographed all clothing taken on 1/4/2019. Item 1525-SW1 was turned inside out and a white in color stain which was photographed without and with a ruler. All items were photographed on the inside for any other evidence with negative results.

On 1/7/2019 at approximately 1635 hours I was advised of a second search warrant at . for electronic devices. Upon arrival I took entry photographs of the residence. As evidence was located I photographed the items with number placards, inventoried the items, packaged the items, and then placed them in my County vehicle to be transported to the Sierra Vista Detectives Evidence room. Items 1525-SW5 through 1525-SW9 were taken as evidence.

On 1/10/2019 I met with Det. Borquez, Det. Davidson, and ACA Lori Zucco at the Bisbee Jail to search the Chaplain's office and collect new items. Items 1525-14 through 1525-17 were taken as evidence. The items were packaged and transported back to the Sierra Vista Detectives Evidence room.

On 1/18/2019 I scanned items 1119-5 and 1525-15 to Detective Borquez.

On 1/22/2019 I scanned mail (items 0622-1 through 0622-4) to Detective Borquez.

All evidence was entered into Spillman.

All photographs were entered into Spillman.

On 01-08-19, Detective Davidson and I had a meeting with members of our command staff. We were informed Sierra Vista Police Department was asked to assign a Detective to assist with this investigation. We were told Detective Haldorson would be arriving soon to be briefed on this case.

When Detective Haldorson arrived, we briefed him on this case. We told him, we were going to take items to the Arizona Department of Public Safety Laboratory to be tested. We told him, starting tomorrow we were going to try and locate people to start interviews.

Detective Davidson and I went to the Sierra Vista Detective's Office to pick up

the evidence which was laid out the day before. At approximately 1300 hrs, I returned the search warrant to Superior Court in Sierra Vista.

We then headed to the Arizona Department of Public Safety Laboratory in Tucson. While driving we were contacted by Sgt. Parker and told L. R. had called the Sheriff's Office and wanted to relay some information.

I obtained my Puma recorder and called L. This is a summary of the phone conversation:

L. said she called in about the Chaplain (Douglas Packer). She said there is an inmate in prison who has Packer on her phone/visitation list. She went on to say this inmate is out of Cochise County and there were rumors about special treatment toward her from Packer. She couldn't say if these rumors were true or not, but it was mentioned by a lot of people.

She said the person she is referring to is A. L. said she knows this because she is on I. phone/visitation list. She found out about Packer from one of their visits. She indicated she found out just before L. went back to Cochise County for another court date. L. had also received mail from Packer.

L. said when L. was in the County Jail, she used Packer's phone to call her instead of using the phone provided to the inmates. This occurred about a year ago.

L. said after L. went back to prison they talked about Packer. L. indicated Packer made her feel 'some sort of way'. She didn't say uncomfortable. L. got the impression it was something not appropriate.

L. said she has spoken to L. recently. L. is aware Packer has been arrested. L. made the comment she wanted to vent about this but wanted to do it in a visit since the phone calls are recorded.

I ended the phone call with

We went to Tucson Police Department evidence and picked up the sexual assault kit which was performed on D. K. on 01-05-19.

We arrived at the Arizona Department of Public Safety Laboratory in Tucson. We turned over the evidence we brought along with the sexual assault kit.

On 01-09-19, I started researching people to interview in this case. I looked up M. N. and found she had an address in Sierra Vista. Detective Davidson was not available at this time. I contacted Detective Haldorson and asked him to meet me at the address in Sierra Vista ().

At approximately 1208 hrs, I met Detective Haldorson along with Detective Festa at . I knocked on the front door and M. answered. I turned on my Puma recorder. This is a summary of the interview:

M. said she didn't know why we wanted to talk to her. I explained it was about Packer. She said she had heard about his arrest.

M. was asked about her interactions with Packer. She said before she went to prison, she went into his office for a bible and that was about it. They talked for a little bit and he asked her some questions.

She said the ladies in jail were talking about Packer. She explained some had

mentioned how Packer had let them get on their Facebook accounts. She mentioned N: C was the one who mentioned this. Some of the girls were talking about how Packer was weird and would ask weird questions. Packer asked her if she used to do sexual favors for drugs or if she would strip. She said after this visit with him she never went into his office again.

She said she requested to see Packer, but it took him two (2) months to pull her out.

She mentioned C: is still in prison.

She went on to say some of the girls were saying Packer is weird, would make comments about sexual favors and they don't think he should be the Chaplain. Others were saying he was cool because they could get on the computer, listen to music and make phone calls.

She said they noticed, Packer would always pick the younger, prettier girls and take them to his office.

She was asked about the sexual favors. She indicated he was asking if she sold her body for drugs? He would also make comments on how pretty she was. N: use to be a stripper and he would say, "Oh I could see you being a stripper".

She denied any sexual acts occurred between them. She did say he gave her a hug.

She started talking about how she hasn't heard of anyone performing sexual favors on the Chaplain. She mentioned D: R: made the comment she was going to find out what Packer was doing because he is a creep. She said D: is in Prison also.

She went on to say when Packer was asking her the questions his body language was sexual. She added they never talked about the bible or God.

We ended the interview with M

On 01-10-19, I called the phone number provided for K: D: I spoke to a male subject who told me K: was at work. She works at the restaurant in Bisbee. I contacted the: and spoke to K: I told her we would be coming by to speak to her.

I contacted Detective Haldorson and asked him to meet us in Bisbee.

At approximately 1257 hrs, Detective Haldorson met Detective Davidson and I at the: We made contact with K: We decided to go into Calvary Church to talk so we could have some privacy. I turned on my Puma recorder and Detective Davidson turned on the camera on my computer. This is a summary of the interview:

K: said she knew we wanted to talk to her about Chaplain Doug. She was informed by her Probation Officer (P.O.) that her phone number had been provided to us. Her P.O. recalled when she said Doug was being creepy.

She was asked to explain Doug being 'creepy'. She said while in jail he would call her beautiful and give her free stuff. He also paid extra attention to a few of them. When she got out of jail, he was writing her and messaging her grandma's phone to talk to her. Her grandma got concerned because he kept asking her (K: to go out with him. If she wouldn't answer him, he would keep messaging her. He wrote her letters when he couldn't get a hold of her. She

added she still has a couple of the letters.

She said in the letters he was wondering where she was at, why she wasn't getting a hold of him and asking if she is still in contact with girls from jail. There is one girl he is always asking about and that is B. L.

She advised she was in jail from March to August of 2015.

She was asked about the rumors she heard in the jail about Packer. She said there was concern that he was being overly friendly. He would put his hands on people's legs/thighs, he would call them beautiful. She said she thinks the lack of reaction was because of the free stuff (phone calls, batteries and whatever else). She added the girls knew if they flirted with him, they could get stuff. They were wondering how far he would go.

She said her interactions with Packer didn't really get involved until after she got out of jail. This is when he would call her beautiful and ask her to go out with him. She mentioned he even came to the restaurant where she works to say hi. She added he would even let L call her from his office.

She said when he started being weird with her, she stopped taking his calls. She asked L if he was being weird with her. L told her, yes and she needed to stop trying to get ahold of her (K) through Packer. L said she would just start writing.

K said she spoke to L after Packer was arrested. L said she still had cards from Packer that were weird. They talked about how their feelings or hunches were right and this was confirmation on the vibes they got.

L told her, Packer called her (L) beautiful and was trying to get a hold of her all the time. B stopped talking to him and he wouldn't leave her alone.

K said Packer would sometimes pull her out of the pod without her requesting it. She said this happened two (2) to four (4) times. She then said it was maybe more times. She said he would give her batteries or anything she wanted (envelopes or stuff from the commissary).

She said Packer would give her hugs. She described the hugs as pretty normal. He would hold her for a little bit then take her back to the pod. She denied he kissed her, but he did put his hand on her leg. She said he would put his right hand on her left leg on top of her leg. She said he would keep his hand there for a while. He would tell her she was beautiful, and she deserved second chances.

We started talking about them writing letters. She said she was in rehab and they were corresponding. She would write him back and this was the way they communicated. She said that in the letter he was asking her how she was doing and wanting to know when she was going to see him. He also wanted to know when she was going to call. She added he wanted her to call him at a cell phone number which should be in the letters.

She was asked at what point did she not want to talk to him anymore? She said when he started to ask her to see him. Her grandma got really upset about that. This weirded her out and she stopped talking to him altogether. He kept writing to her.

She said he would text her grandma's phone and he would call. She went on to

COCHISE COUNTY
SHERIFF'S OFFICE
OFFICIAL COPY 04/24/19

say she thinks the last time they communicated was when he wrote her a letter. She thinks this letter was in March or April of 2018.

She said she didn't hear of anyone doing sexual favors for Packer. She remembers a couple of people on their own accord trying to flirt for stuff. She doesn't remember their names. They would say if you are nice, he would give you things and let you call your family from his office phone. They would act differently when he would pull them out. She described it as flirty mannerisms.

She was asked, who the other females were that Packer was giving special attention to? She said L and B. V She went on to say, she doesn't know if W had experiences with Packer. V was 18 when they were in jail and she is very accepting of people. She added V was pulled into his office as much as they were. She also mentioned a girl named D who would go into his office a lot. She didn't know D's last name.

She denied anything sexual happened between Packer and her. She denied he exposed himself to her. She also denied he touched her inappropriately.

She said when she was first in jail she heard, if you flirt with Packer you can get stuff from him? She stated, if things did occur, she thinks there were people giving him an opening because it was a way to get free stuff or get out of the Pod. She denied she flirted with Packer. She said she was nice to him so she could use the phone. She didn't cross any boundary's, but she thinks if she had given him an opening, he would have crossed a boundary.

She was asked if she thought Packer's body language was 'comfortable' in nature, as if he was trying to draw her in? She said maybe a couple of times. She thinks he made weird jokes. She couldn't remember what jokes he made but she said they are in the letters.

She denied ever going to dinner with Packer. She began talking about when he came to her work. She said this was after she stopped talking to him. He was alone and she was not sure if he was wearing his uniform or not.

She was asked for L and V contact information. She said she had their phone number but not on her. She said L doesn't want to be talked to. I explained how it was important for us to talk to everyone. She said some people might have a moral dilemma as they have all had run-ins with the law.

We ended the interview with K.

At approximately 1734 hrs, I called K again to see if she had located the letters from Packer. She said she needed more time to get them together. I told her I would drive to her house and pick them up.

At approximately 1810 hrs, I arrived at her house. She provided the letters to me. She started to look for L and V phone numbers. She was able to provide these numbers to me.

Once more information is obtained a supplement will be completed.

NARRATIVE:

On 01-14-19, at approximately 0800 hrs, Detective Haldorson, Detective Davidson and I arrived at the Arizona Department of Corrections, Perryville Unit located in Goodyear, AZ. We made contact with Investigator Herrera who took us back to his office.

COCHISE COUNTY
SHERIFF'S OFFICE

Investigator Herrera explained we would have to go to each yard and interview the female inmates. We were told, Investigator Orozco would be escorting us around and he would be our point of contact.

From the list of names provided, it was decided to start at Lumley Unit. We went into Lumley Unit and conducted the interviews in the yard intel office. Detective Davidson set up my computer to video record the interviews.

At approximately 0855 hrs, S P was brought in for an interview. I turned on my Puma recorder and Detective Davidson turned on the camera. This is a summary of the interview:

S said she assumed we wanted to talk to her about the Chaplain from her County. She stated the Chaplain is Douglas Packer.

She said she met Packer in September of 2017 when she was arrested. She went into his office to talk, for counseling. She talked about her family and her situation. He let her use the phone and that was about the extent of their relationship in jail. When she got to prison, he was writing her. At first, the letters were asking her how she was doing and then he started writing things he shouldn't have been. She couldn't remember what he said. She indicated it was sexual references. She indicated she still has the letters.

I explained to S that we needed the letters. She indicated she spoke to her dad who wanted her to do this. She was hesitant as she didn't want to get someone in more trouble. She doesn't want to be involved but unfortunately, she is one of the main people involved in this because he has written her a lot. She also said he put money on her books. She said it was less than \$200 dollars.

She said she has written him back. She said she is not an innocent because she wrote him back other things. She didn't write him back much because it creeps her out. She said he creeps her out. She said it was one (1) letter she wrote back engaging in 'that'. She said she would send the letters to a P.O. Box () in Sierra Vista.

She said she would go to Packer's office pretty much every day he was there. She said he would pull her out every time she asked him to. She also indicated there were times he would pull her out when she didn't ask him to. She said this was two (2) or three (3) times a week. She said the only reason she wanted him to pull her out was so she could make a phone call when she didn't have money.

She denied he asked her for anything. She said he would give her hugs and get really close to her. She described the hug as him standing in front of her and putting both his arms around her. She said he would scoot his chair close to her. She knew if she said something to initiate sexual acts it would happen. She said he creeps her out and he is old. She was just thinking about going back to the Pod.

She said she heard rumors about Packer while she was in jail. She heard he had done sexual things with K T . She also heard he would write girls most of the time when they went to prison. She heard there was a girl who got out and lived with him.

S added recently Packer was writing to her, that he was going to leave his wife. She said it was the type of thing, where he wanted to be with her.

COCHISE COUNTY
SHERIFF'S OFFICE
OFFICIAL COPY

We began talking about when she first had contact with Packer. She said within the first week of being in jail, she sent a request in for a bible. When Packer came into the Pod and saw her, this is when he started calling her into his office.

She was asked if he made any inappropriate comments to her? She indicated he would go on her Facebook page and look at her pictures. He (Packer) then said her ex-husband was an idiot for leaving her. She thought this was inappropriate.

She denied sexual contact between them. She also said he didn't ask her for any sexual favors in person, but in the letters he did.

We began talking more about the letters. She stated when she wrote him back, she was playing along. She was told to play along because he was sending her money. She thought she would never see him again because he is a creep. She said the last time she got a letter from him was probably the day he got arrested. She added he must have sent it a couple of days prior.

She said Packer was not on her approved inmate phone call list because he was on another inmates list. The list he is on is A She said L is the one who told her about Packer being arrested.

We started talking about what she would do while in Packer's office. She said she would call her family. She called her boyfriend and Packer got jealous. She tried to keep the visit short. She would do what she needed and would get out because he creeped her out. She said she remembers he had paper taped to the window so no one could see in unless you were on your tippy toes.

We ended the interview with S

I asked Investigator Orozco to have someone go with P to collect the letters.

At approximately 0921 hrs, M M was brought in for an interview. I turned on my Puma recorder and Detective Davidson turned on the camera. This is a summary of the interview:

M said she heard what happened with Chaplain Doug Packer but doesn't know why we wanted to talk to her. She indicated she heard he got arrested for some sexual assault charges.

M said she has only been in Cochise County Jail one (1) time. She was arrested in July of 2013 and came to prison in January of 2015. She indicated during her time in jail she interacted with Packer a lot. She said she would talk to him so she could work through things. He helped her with her faith. He would come into the Pod and pull her out. They would go to his office.

She said there was a time when L K F and she were all in his office together because they were all having problems and he would talk to them. She said L and she were in his office because they were putting some books together.

She was asked, what things she would do while in his office? She said they would talk, she would check out books and use the phone. She said this was

after her trial. She said at the end she was going to his office two (2) to three (3) times a week. She said a couple of times he would just pull her out without her requesting. She denied he ever asked her for anything in return.

She said he hugged her. She said he would hug her with both his arms around her shoulders. She said he would roll his chair pretty close to her while she was in his office. She denied he touched her inappropriately or exposed himself to her. She doesn't remember if he made any comments to her. She said nothing stands out and he was creepy. After talking she indicated he did tell her she was pretty a couple of times.

She said she didn't hear any rumors about Packer until after he was arrested.

She said Packer has written her letters since being in prison. She said the letters covered a wide variety of stuff. When asked if there was anything inappropriate, she said maybe. When asked for more details she said she didn't want to talk about it. She advised she had thrown all the letters away.

She then said if we wanted something, the phone records are there, but she doesn't want to talk about it. She said these phone calls are when she was in prison. She said there are probably some 'sexual in nature' phone calls.

We expressed to M how important it was, to tell the truth. She said she didn't want to be involved. After more talking, she indicated 'this probably started with her'. She said stuff happened and she didn't want to talk about it.

I told M , I would ask her yes or no questions. She agreed to answer.

She was asked if they had sex? She said, "Yeah".
She was asked if he used a condom? She said, "No".
She was asked if she performed oral sex on him? She said, "No".
She was asked if he performed oral sex on her? She said, "No".
She was asked if the sex was in his office? She said, "Uh-hu".

She was asked if his office was between door 1 and door 2. We talked about the location and what his office looked like. She then said, "He wanted to have sex and I was going to, and I stopped". She added he pulled her pants down and that was it. She was asked if he penetrated her. She said, "Kind of, not really. It just barely, and I pulled away". She said she was bent over his desk when this happened.

We started talking about things which lead up to sex. She said there was no oral sex. She said he wanted her to masturbate him. She said the sex was forceful, but she didn't want to talk about it. She said he forcefully digitally penetrated her the same time as the sex.

She stated he tried to touch her, other times. She said he would touch her through her shirt, and he grabbed her "ass" a couple of times. She said she didn't tell anyone about this.

She was asked if he ever told her why he was doing this to her? She said he would talk about his wife and how grossed out by her he was. Also, about how he wanted someone younger and better.

COCHISE COUNTY
SHERIFF'S OFFICE
OFFICIAL COPY

She was asked if he ever said he does favors for her, so she needs to do some for him? She said, kind of.

She began talking about how the 'forceful time' only happened once. He would make comments about how he wanted 'to do her'.

We started talking about the 'forceful time' and she was asked if he ejaculated?

She said all over the floor because she pushed him back. After more talking, she said, this happened a couple weeks after her trial. She then said he exposed himself to her a couple of times. She described that she was in the chair and he was in the corner when he exposed himself. He was out of view of the window. She said she was not trying to look because it was an old man's penis. She said his penis was erect when he would expose himself and would tell her that she made him hard.

She said she didn't know how she made him hard because they would just be talking. She said she was working through some stuff and it involved being sexual with girls. She was saying this not to turn him on, but she was trying to walk the Christian path. She said this was one of the times when he was hard. Other times he was hard, she thinks he was just horny.

She was asked if she had been molested or sexually assaulted in the past? She said she had an ex-boyfriend who raped her when she was 15. She talked about this with Packer.

We started talking about the exposures again. She said he exposed himself a handful of times. When asked if it was five (5) or six (6) times she said a handful, whatever that is. She then said probably five (5) times.

She said she tried to make her visits short at the end. She wanted to use the phone, get paper, and that was it.

She denied anything happening while she was in his office with L. She explained the reason she thought she was the first was because he told her, she was the first one he had enough nerve to come at.

She went on to say the day this happened, she threatened to tell someone. She thinks this is why it never happened again.

We started talking about, when he ejaculated. He asked her if she needed napkins. She said she didn't, but he did as it was all over. She said he was the one who cleaned it up. He threw the napkins in the trash. She thinks he was nervous after this happened and she doesn't think he was sorry.

She was asked, what they were talking about before this happened? She said he was talking about how he wanted her. He then kind of pulled her up from her chair. She went on to say, they could be talking about normal stuff and he would be hard and want to do something. She thinks he wasn't into any conversation they were having, and he just wanted to do something with her.

She was asked, what was different about the day he forced himself on her, to every other day? She said he had a fight with his wife. He told her, his wife was accusing him of being unfaithful. She went on to say that he told her, he had affairs on Facebook.

She stated that after he forced himself on her, she didn't go back into his office for about four (4) days. When she did go back, he was advancing on her.

COCHISE COUNTY
SHERIFF'S OFFICE
OFFICIAL COPY

He would say, "why don't you let me fuck you".

She was asked, when he would expose himself what kind of underwear did he have on? She thinks there were boxer briefs, but she wasn't sure.

She again said the phone records will have information. She said he was on her approved phone call list. He told her, he was under investigation for talking to her and for putting money on her books. She said he sent her \$75 dollars a month for a year. She stated, she didn't try to blackmail him. He told her, he would take care of her.

She said she would write him letters and send them to his P.O. Box. She said she doesn't have the letters he sent her anymore. When he told her he was under investigation she took him off her list and threw the letters away. She said this happened in early 2016.

We ended the interview with M

I was then given the letters sent to S

At approximately 1005 hrs, J : B was brought in for an interview. I turned on my Puma recorder and Detective Davidson turned on the camera. This is a summary of the interview:

J said she didn't know why we wanted to talk to her, and it was kind of intimidating. I explained the reason we wanted to talk to her. She said she was not a victim.

She said she has been in the County Jail maybe five (5) times. In 2015 she was in for a couple of days. In 2016 she was in twice for a couple of months each time. She came to prison in 2017.

She said she has gone to Packer's office. He has books and that's where you get them. She said he would come into the Pod to hand out indigent items and she would ask to go to his office. She wasn't sure if she had to put a request in to see him. She denied that he pulled her out without her asking. She said she has maybe been in his office 10 to 15 times. She would stay in there five (5) maybe 10 minutes.

She said when she went to his office it was weird. He made her feel weird so she would talk "shit" to him. She described him as suggestive in a sexual way. He made her uncomfortable.

She stated that she has heard about him. He would always call M C every day to his office. Eventually, when he came to the Pod, she (M) refused to go with him. J was not sure if something happened. J also advised that Packer writes S letters.

She was asked if Packer brought her food? She denied he did. She denied anything sexual happened between them. She did say he rolled his chair close to her, but he didn't put his hands on her leg. He would also tell her she was beautiful. She described him as dirty and a creep.

She said his office was weird. He would have you sit in the corner, which was out of view from the window, he would sit with his legs wide open and 'look at you'.

She began talking about a time when she was in the Sierra Vista jail and her

grandmother passed away. He approached her and told her, her grandmother was dead. He wanted to talk to her, but she said he started talking about random stuff. She wanted to pray but he started to look up her father (I B also in custody).

She denied performing sexual acts on Packer. She also denied he touched her in any sexual way.

She denied he sent her letters or put money on her books. She said she got a bad vibe off of Packer. She also said she thinks that if he was given the opportunity, he would have taken it.

We ended the interview with J

At approximately 1022 hrs, T C was brought in for an interview. I turned on my Puma recorder and Detective Davidson turned on the camera. This is a summary of the interview:

T said she has heard Chaplain Doug has been on the news for 'being' with inmates. I explained this investigation to T and the reason we wanted to talk to her. She stated that she is not a victim.

T said she has been in the County Jail two (2) times. The first was in 2015 and she was there for a few months. The next time was in 2018 for three (3) months, then she came to prison.

She said the first time she was in jail, she did go to his office. She said her visits with him were for counseling. She would use the phone in his office. In 2018, she was pregnant. They would talk about what she was going to do with the child, and that was about it. She advised that she didn't go to his office that much. She was allowed to use his phone this time as well.

She denied that he made any comments to her, but she has heard others say he would make comments to them. She thought they were jokes, but she heard previous inmates would do sexual things to him. Again, she thought these were rumors because he never tried anything with her.

She stated that she did stay at his mother-in-law's house when she got out in 2015. She explained, she asked him about churches, and he suggested three (3) of them. She tried all three (3) and saw him along with his wife and mother-in-law at the church he attends. She was staying at a halfway house and trying to find a different place to live. He told her, his mother-in-law would be willing to let her stay there with her. He and his wife picked her up at the halfway house and took her to the mother-in-law's house. They talked about how she was going to have to clean the house, and she ended up staying there.

She denied anything happened between them. She said he did give her a hug when she was in jail. She said this was before her court date. He wished her luck in court and hugged her. She described the hug as a side hug with one arm around her. She said this took place in his office. She denied anything sexual happened between them.

She denied he has sent her letters while she has been in prison. She also denied he has put money on her books.

She was asked, what rumors she heard about Packer? She said she heard girls would give him oral for food, phone calls or things. She has heard he would do a lot of things for C B She doesn't know if they did anything

sexual, but he would bring her chocolate.

She was asked if there was anyone else, we should talk to? She said we could try to talk to K R as she would see him a lot.

We ended the interview with T

At approximately 1048 hrs, A L was brought in for an interview. I turned on my Puma recorder and Detective Davidson turned on the camera. This is a summary of the interview:

A stated, she knew we wanted to talk to her about Packer. I explained this investigation to her and the reason we wanted to talk to her.

She said she has been incarcerated since 2010 and she had gone back and forth from prison to the County Jail for Court. She said in 2011 she went to prison. In May of 2011, she went back to the County Jail and stayed until August. In May of 2012, she went back to County Jail until November of 2014. In February of 2018 she went back to County Jail for three (3) weeks, then she came back to prison.

She said in 2010 she thinks Packer was the Chaplain, but she wanted nothing to do with religion. She thinks the second time she went back they tried to talk to her, but she didn't. She said she did talk to him when she went back for two (2) years. She said the only reason she talked to him was she wanted books.

She thinks it was October when she put a request in to look at books in his office. She said she would go in his office, look at books and leave. After some time she started going to church and then she started asking him questions as she was trying to work on herself.

She said she has heard rumors about Packer, but those rumors were recent. There weren't any rumors about him when she was here in 2012. She said she heard these rumors towards the end of her time at the County Jail in 2014. She said she heard stuff about M M He talked dirty with her and heard they had sex. She didn't hear that it was forced or anything.

She stated that she didn't have the perception of him like that. He helped M and her with their books. He just helped them.

She said the last time she was in the County Jail she heard he was a creep. When she went to his office, she was happy to see him because he helped her a lot. After getting in his office he was sitting really close to her. She backed up because she won't tolerate that kind of behavior. He then backed up.

She asked him if she could have a snack. He wanted to know what he was going to get out of it. She told him the joy of being a Christian man. After this, she told someone she didn't want to go back in there anymore.

She said in her previous interactions with him, he would say, "ok" and wouldn't respond as he did. She said she noticed a change in him.

She said in 2012 and 2014 he was more restrictive of the phone then he was when she went back in 2018.

She denied anything sexual happened between them. She said he did give her a

COCHISE COUNTY
SHERIFF'S OFFICE

hug after she was found guilty in 2014. She said this occurred in his office.

She explained that she told Packer that when she was 14 someone forced her to perform oral sex and how this disgusted her. She said she didn't go into detail about it and he never brought it up again.

She said Packer would attend her court appearances. She said he was at her sentencing in 2014 but she wasn't sure if he went to the 2018 one. She didn't think it was odd that he went because he was very supportive.

She said, if something would have happened between them, we probably would have already heard about it. She would have slammed the bookshelf on him. When she went back, she checked to see if the bookshelf would move. He put off a different vibe and she got defensive. She added, he didn't have his door locked so she would have run out and got the North Pod Officer.

She said he did make a comment to her. She was working out and showing off her results in the Pod. Someone told him and he asked if she was showing off her body? She told him she was showing off her results and it was none of his business. This occurred in 2018.

She said he would call her out of the Pod without her requesting it. She didn't find this odd as she was working on her book.

We started talking about M having sex with Packer. She said M was the one who told her they had sex. She was told it was consensual.

She was asked if she has called Packer? She said he is on her approved call list. She thinks the last time she spoke to him was a year ago. She said he has written her letters. The content was him venting and telling her what was going on with him. She said she has thrown all the letters from him away. She denied that he put money on her books. She has heard he put money on M books.

We ended the interview with A'

We decided to re-interview S

At approximately 1124 hrs, S was brought in for the interview. I turned on my Puma recorder and Detective Davidson turned on the camera. This is a summary of the interview:

I explained to S we wanted to talk to her again to make sure we had all the information from her.

Detective Haldorson took over asking her questions. She was advised that we thought she was not telling us the truth.

After some discussion, she said she feels like she 'fed' into this more by writing back to him. She also made mistakes and is incarcerated.

After more discussion, she stated that he tried to force her to do oral sex on him. This was right before she left for prison. She said she has been thinking about this since she left this morning. Her mind frame is, she doesn't want to put anyone in prison because she is in prison and it sucks.

She was asked what happened? She said he pulled his pants down and tried to force her. Someone just happened to be walking by, so she wanted to leave. She was sitting in a chair and heard keys coming. She got up and he pulled his

pants up.

She said she was sitting with her back to the bookshelf. He was sitting down and was pulling his pants down. She thought it was weird that he was doing this. She knew he was creepy, but she didn't think he would be doing this.

She said he was in his rolling chair and got close to her. He said something along the lines of, "I do a lot for you". She thought this meant she had to do something for him.

She said she thought he used the situation with her daughter against her.

She said after he pulled up his pants, he took her back. She didn't see him again as she went to prison. He did write to her and never talked about it in the letters.

He didn't want her to say anything about what they talked about. He knew people in the community, and he didn't want it getting out.

She said he did put his hand on her leg when she was in his office. He might have taken this as an opening. She explained that he knows when they are going to go to prison. He knew she was leaving, the week he did this to her.

He would say that she is a beautiful girl. He would tell her, if she had nowhere to go when she got out then she could go to his house.

She knew he was married, and he would refer to his wife as the "Bitch" in the letters.

We talked some more, and she stated, she thinks he would have brought her drugs if she would have asked.

She said he picks and chooses who he will bring to his office. She thinks his 'type' is a pretty, skinny white girl with blond hair and blue eyes.

She said the three (3) months she was there he wouldn't only call her out. He would also call her friend out when she asked him to. Her friend is S
P: She doesn't think he ever did anything with her. He called
S out because she wanted him to.

She heard he pulled out K W a lot.

She was asked if she saw his penis when he took his pants off? She said she looked away. She said she thinks he was trying to get her to perform oral sex on him.

She said she has a flirtatious personality but that doesn't mean she wanted to do something.

We ended the interview with S

Investigator Orozco told me they were working on the records in regards to the money Packer sent the inmates. He also told me that they are researching phone calls made to Packer.

At approximately 1409 hrs, we went to the San Carlos Unit and M L was brought in for an interview. I turned on my Puma recorder and Detective Davidson turned on the camera. This is a summary of the interview.

She said she didn't get a creeper vibe from him.

We ended the interview with M

At approximately 1448 hrs, we went to Piestewa Unit and C B was brought in for an interview. I turned on my Puma recorder and Detective Davidson turned on the camera. This is a summary of the interview:

C didn't know why we wanted to talk to her. I explained this investigation to her and the reason we wanted to talk to her.

She stated that she has heard Packer was arrested for sexual conduct with the inmates.

She said she has been in the County Jail twice. The first time was in March of 2018 and she was there for three (3) weeks. The next time was July 2018 and she has been in custody since.

She said in March, Packer was calling her out every day. He was telling her about the rehab she was going too. The second time she didn't do anything with him, but it was weird.

She advised that she would go into his office to use the phone. She said he would make comments to her and would bring her chocolate. He would say she was looking really good and she would make those stripes look sexy. When he would start out like that she wanted to go back to the Pod. The next time she saw him, he apologized for the comment and said he didn't mean it that way.

We talked about the first time she was 'in'. She said she requested to see him one (1) time and the rest of the time he pulled her out on his own. She said she told him about her life, and he decided he was going to pull her out every day. She said she didn't have anything to talk about so she would use the phone in his office.

She said the second time she came in he was pushing the issue. It got to the point where she asked him to stop pulling her out because she had nothing to talk about. The last time he pulled her out, he asked if she wanted to know when she was leaving? She did, but thought it was against the rules for him to tell her. He told her he would bring her a book and that was a sign she was leaving. A couple of days later he brought her a book and she left.

She was asked about him pushing the issue. 'It was him telling her how she looked'. She said he would get mad when she would ask to call her husband or the father of her child. She started talking about how her husband is 22 years older than her. Packer made a comment about her liking older men. She said he told her she made a mistake marrying this guy and she should get an annulment.

She stated that she heard rumors about Packer. She heard he was having sex with the girls. He had a list of girls he would pull in every day.

She said J W was on the list and she didn't want to see him because he made a comment to her. K R was another one on the list.

She denied having been sexually assaulted in the past. She talked to him about the father of her child putting his hands on her in a physical way. She said Packer would try to put his hand on her to comfort her. She didn't think it was appropriate even though he was trying to comfort her. He asked her if she wanted a hug.

She said he did hug her. He would stand in front of her and wrap his arms around her. She stated that he held the hug for a long time. She denied anything sexual happened between them.

She advised that he would 'roll' close to her and put his hand on her leg. She said he put his hand on her right leg in the middle of her thigh.

While talking, she asked if we had spoken to C E. She said she was in WTP with C C would leave for Sierra Vista to job hunt and Packer would bring her back. She talked to C who denied Packer did anything to her.

She was asked if she ever had Packer send a letter for her? She said she heard the father of her child was sentenced to 27 years. She sent Packer a letter with a picture of their son and asked him to give it to the father of her child.

Packer sent it back and told her, he was mad at her because she told other inmates he gave her chocolate. She also told them (inmates), that he let her know when she was leaving and this almost cost him, his job.

She said she still has the card. We told her we needed to get the card from her. She said this is the only letter he has written her.

She said we should also talk to J M as she was in his office a lot also.

We ended the interview with C .

C obtained the cards Packer wrote her and turned them over to us.

Once more information is obtained a supplement will be completed.

NARRATIVE:

On 01-15-19, at approximately 0840 hrs, Detective Haldorson, Detective Davidson and I arrived at the Arizona Department of Correction's Perryville Unit located in Goodyear, AZ. We made contact with Investigator Orozco who took us back to his office.

It was decided to go to Santa Maria unit first as there was only one (1) person in this unit we needed to interview. Investigator Orozco informed me they were almost done with phone call logs. They pulled the logs of money being sent in electronically. I was told there were only four (4) people Packer sent money to. They were S, F, N, C, K, T, and M. I was also told they checked one of the I.P. addresses which the money was sent from and it came back to an Cochise County I.P.

I was shown the list and it appears as if M was only sent \$75 dollars. I asked if there was any other way money could be sent to an inmate. I was told there were two (2) ways. Electronically or by mail via money order. I asked them to check the money order logs to see if Packer sent money that way. A little while later I was told Packer did send money via the mail. I was provided with the money logs.

At approximately 0919 hrs, we arrived at the Santa Maria unit and were taken to an office for the interview. K, M was brought in for an interview. I turned on my Puma recorder and Detective Davidson turned on the camera. This is a summary of the interview:

K said she doesn't know why we wanted to talk to her. I explained this investigation to K and the reason we wanted to talk to her.

She said she has been in jail quite a few times. The longest stint she did was from May to June in 2018.

She said she heard about misconduct from Packer. She said she has nothing further to say about this. I explained Packer was in custody and she kept saying she has nothing further to say.

We talked further and she became emotional and started to cry.

She said she didn't want to talk about it.

We ended the interview with K

We then went to the San Pedro unit.

At approximately 0957 hrs, D, R was brought in for an interview. I turned on my Puma recorder and the camera. This is a summary of the interview:

D said she didn't know why we wanted to talk to her. I explained this investigation to D and the reason we wanted to talk to her.

She said this really freaked her out because her daughter was in jail before her. She said her daughter is sweet and naive. Her daughter was scared, very vulnerable and crying all the time, worried about her (D) because she (D) was using and her health is bad. She (D) thought Packer was not nice to her because he was close to her daughter and she probably confided in him a lot. He then started being nicer to her and would call her out.

She then went on to say she knows what's going on with Packer as one (1) of her friends has a T.V. and told her about Packer. She said she could see this happening as she saw it while she was in jail. She said S H was the person who told her about Packer.

She went on to say, while she was in jail, she was on the CB side. There was this girl named S he would pull out constantly even without her requesting it. She would make comments that she would do inappropriate things to him.

She was asked to explain what S would say. S would say she was going to make a phone call or get something because she was going to do favors for him.

She was asked what her daughter's name was. She said it's K R. She told us K lives in Tucson. She started talking about how she was worried she couldn't get ahold of K while in jail. Packer took her to his office and looked K up at the place she was staying. She doesn't think K would do something inappropriate with Packer, but she also knows K is vulnerable and naive. She can see Packer pulling people out who are in her category. She provided us with K phone number.

She said she is concerned Packer might have taken advantage of K. She heard Packer would take people into a room across from his office. She described this room as an interrogation type room.

She went on to say, she hasn't spoken to K since she found out about Packer. She is going to call K to tell her to be honest with us.

She started talking about a girl named J who was in CA pod. She said J came to prison for three (3) months and is out now. J is from New York. She thinks her last name might have been W but she wasn't sure. She said J would tell her things. Packer would pull her out all the time when she wouldn't request it. It got to the point where she wasn't comfortable with it.

She was asked if J last name was W. She said it was.

She said J told her Packer was inappropriate with her. J disclosed Packer would touch her leg and tell her she was very sexy. J said he got super close to her face. She said, people started talking and someone said something. J got called out and was taken to the Law Library. Packer was in the Law Library and he had a recorder. Packer asked her questions about how he was with her.

She denied anything inappropriate occurred between Packer and her. She said she thinks it because she is older.

She stated talked about how Packer had the ability to watch them via the cameras. When they would go outside, J would roll her sleeves up. Packer would make a comment to J about how beautiful that would make her look.

She started talking about K. K would make comments about how she knows Packer has been inappropriate with certain inmates in the past.

She didn't get the impression that something happened to K.

She started talking about M W who is currently in prison. She said we could talk to M as she is 22 years old. M never told her anything happened, but she wanted to give us people who were at the jail.

The first time was just to help her find her older friend she hadn't heard from. He then let her call her mother-in-law to tell her, she was going to prison. Her mother-in-law also has her daughter.

She said he has never done anything, but it was awkward. One time he made her stay in his office until after count and she thought it was too long. She said it was kind of creepy. Again, she said he never made a pass or touched her inappropriately.

He told her, she was the only one he's ever done this with, and he was so nervous. He told her he could be arrested, and he was worried about that. He was the one who was initiating everything.

He told her, she couldn't tell anybody what happened. She said she didn't want to.

She said she didn't tell anyone because she was embarrassed. This is something that shouldn't have happened, and she felt really bad, discussed with herself. She just wanted to forget about this. She felt disgusted because she allowed this to happen.

told her I had not. She said she would call him.

She came back and told me no one is renting P.O. Box. She let me speak to the Postal Inspector. I explained this case and told him I had a search warrant for the P.O. Box. He explained they could give me the rental contract of the person who rented the box. He also asked for me to send him a copy of the search warrant. It should be noted this search warrant was not served.

I was then provided with the application filled out by Douglas and J. P. dated 09-18-01 for box number. I was also provided with the closed box page. This page indicated the P.O. Box was closed on 01-15-19, even though the next payment wasn't due until 03-31-19.

At approximately 1600 hrs, we went to to speak to K. T. K. let us into her house, and I asked if she had the letters. K. said she would get them. After K. obtained the letters, I told her, we wanted to speak to her again. We went outside into the carport. I turned on my Puma recorder and Detective Davidson turned on my camera. This is a summary of the interview:

I explained to K. we had gone to prison and interviewed several people. We also got a list of people, Packer had given money to. I also explained everyone on the list was victimized by Packer and this was the reason we wanted to talk to her.

She still denied anything inappropriate happened between them. She said he did say inappropriate things to her, but, she told me that last time.

She said he would get close to her with his chair, but he wouldn't touch her.

After some talking, K. still denied anything happened between them.

We ended the interview with K.

I went back to the office and sent a copy of the search warrant to the Postal Inspector.

On 01-17-19, at approximately 1011 hrs, I returned the search warrant to Superior Court.

Detective Davidson and I went to Sierra Vista Superior Court to interview J. P. I contacted Detective Haldorson and asked him to meet us at the courthouse.

At approximately 1050 hrs, we arrived at Superior Court in Sierra Vista. We were able to set up in the jury room.

I explained the reason we wanted to talk to her. She asked if she could make a phone call. I told her she could. She was seeing if she could get a hold of one of her sons. She stepped out of the room for a little bit. When she came back in, she handed me her phone and said her son wanted to talk to me.

I gave the phone back to J who put her cell phone on speaker.

J said she has been married to Douglas for 42 years. She thought their marriage was good, and they were doing great. She said they had their ups and downs, but they got through it. She never thought or suspected Douglas of being unfaithful.

She said Douglas has been religious since they have been married. She didn't think this was something he could have done.

She was asked if he would leave frequently saying he was being called out. She said, "No".

She explained he was the one who was in charge of the finances and paid the bills. She said when her father passed away, she wanted to be more involved with the finances.

I explained to J that Douglas had given money to some of the inmates. She didn't know he was sending money to the inmates. She added she didn't know about all the credit cards he had taken out.

A asked me to call him after the interview with his mother.

Box because she is not living at their house and they didn't want her going back to the house. A said Douglas asked her to close the P.O. box. J said that was true. He told her to close it to save money. She said he told her this on Tuesday (01-15-19).

She said when she closed the P.O. Box there was mail in it. This is how she found out about the loans Douglas had taken out. She said she didn't see any letters from people in prison.

She was asked if she ever noticed him with letters. She said she didn't because he would pick up the mail on his way home.

We discussed the search warrant we got for the P.O. Box. J said she was not sure if she even knows the man she married. She went on to say in the past year she often thought Douglas might have a brain tumor. She thought this because of his actions and the way he acted at home.

A said Douglas has been an "ass" to J their entire marriage. He's always been rude and had a short temper with J. A provided an example of this behavior. J asked Douglas to resync her Apple watch and he got furious.

We spoke some more, and A was telling us about the debt Douglas had put them in. Douglas had taken out several credit cards and ran up about \$200,000 dollars in debt.

He told me from what he could gather, which is based on something his dad wrote to them, his dad may have started down this path in 2010 with A. L. I asked if I could see what his dad wrote. A. sent me a picture of the part he thought was relevant. He told me the bottom part of the letter was the relevant part.

I looked at the picture but was having a hard time reading what was written. I contacted A. and asked him if I could see the letter. He told me that the letter was with his mom and he would type up the relevant part and e-mail it to me.

"I feel during to [the] one year I was helping several inmates on BIG cases that I became a different person. I was scared and didn't know who to turn to so I didn't. After awhile I pushed it to the back and was fine. I found as I would get stressed I acted different. I didn't like - don't - when that happens. Not sure what the cause is."

Later I was able to download the picture A sent me to my computer. I was able to enlarge the photo.

The top of the page was labeled, "If DOC is the future".

"I ask that you keep me informed on everyone please. You will have to write 1st since I will not have an address you will see on line once I am at a yard don't write until then. You will have to also get your # approved form on line also wait until I get to a yard 2wks - 30 days++ I won't have info for the form. No charge for just getting # approved.

As for money again will not ask leave it up to all of you. Jaypay or Jaypal is the best option for DOC. For both phone & putting \$ on books."

Right above the section A typed out was labeled, "Forgiveness"

"What happened to me? Question A asked. I wish I knew but when he told me what all you have been told I felt a burden lifted a relief that I cannot explain. But I know a burden for you all came down hard."

On 02-21-19, I went to the Attorney General Office in Tucson and picked up all the jail logs. I was also provided with the scanned copies of the jail logs and the recording of the interview Agent Sussen conducted on E: P along with his report. The recording of this interview and report are attached to this supplement.

On 02-26-19, at approximately 0937 hrs, I received an e-mail from the Arizona Department of Public Safety. The e-mail contained a link to the computer extractions in this case. I clicked on the link and looked at the extractions.

On 02-28-19, at approximately 1330 hrs, I received an e-mail from the Arizona Department of Public Safety. This e-mail contained a Scientific Examination Report of the DNA in this case.

On 04-11-19, I finished reviewing the jail control logs. I created an Excel form with every time Douglas Packer took a female into his office. It should be noted that Packer was hired in August of 2008, so this is where the review started.

After going through all the logs, it appeared as if some months were missing. In 2009 the missing months are July, October, and November.

In 2010 the missing months are June, July, August, and November.

All of 2011 and 2013 are missing.

In 2012 the missing months are January, February, May, August, September, and October.

In 2014 the missing month is June.
